**CHHATTISGARH - A RICH HERITAGE**

Chhattisgarh is a highly forested state in central India famous for its temples and waterfalls. Near the capital Raipur, the town of Bilaspur on the Mahanadi River is home to the rock-hewn Lakshminarayan Temple decorated with carvings from Indian mythology. In the south, the city of Jagdalpur has the Sagar Market on Sagar, a bustling place for tourists. The huge Chitrakoot Falls lie to the northwest.

It is a leading producer of minerals such as coal, iron ore and diamonds. Moreover, considerable reserves of bauxite, limestone and granite are available in the state. The state accounts for 25.4% of the iron reserves of India. Chhattisgarh is the only state in India that produced its own electricity.

Buster Lokeshwar represents the folk culture of Chhattisgarh state. It is celebrated after the end of rainy season and boasts participation of tribal groups coming from remote location of Chhattisgarh in Buster.
